How to get started with BEYOND Lite

Video description: For the Release of BEYOND 5.8 we launched a new and free tier of BEYOND called BEYOND Lite. This tier allows all users to use BEYOND even if they don't have pangolin control hardware to learn, program and play.

Go to https://download.pangolin.com/ to grab the latest version of BEYOND software to get started!

Chapters

- 0:00 BEYOND Lite Intro
- 0:44 How to get a Lite license
- 2:12 How to move your QuickShow Files
- 3:01 Thank you for Watching
